Miracle League Families and Friends:

It is hard to believe The Miracle League of Central Illinois has been in existence for 13 years and we have been playing at a beautiful “new” facility for 8 years! This dream could not have come true without the support and encouragement of players, families, volunteers, and friends. We will always be grateful.

Our goal has always been to provide a fun and memorable gameday experience while reaching out to families to increase involvement throughout Central Illinois. As our Board looked to the future, we began to realize our small group of volunteers and resources may not allow our league to reach its full potential. This realization led us to begin discussions with representatives from the Normal Parks and Recreation Department to explore the possibility of collaborating to benefit from their professional expertise and superior resources.

After several very productive discussions, we were more convinced than ever that this partnership would not only have many short-term advantages, but would also set a very exciting course for the future. You will see very little change in the gameday experience, but will see significant improvements in registration, volunteer recruitment and training and overall growth of our Miracle League.

We aim to make the transition to the new registration system as easy as possible. Registration will open on Wednesday, March 1 for this year’s season. Please view the links below to begin the registration process. If you run into any issues, the Normal Parks & Recreation staff is ready and willing to help each family navigate the new system to ensure everyone is enrolled and ready to go for the season!

Our friends from Normal Parks and Recreation have been amazing to work with and we could not be more excited about the opportunities for our families and potential for growth and improvement in our league. Again, thank you for being a part of our incredible Miracle League journey.
